

# Microsoft Office PerformancePoint Server 2007 Technical Training (Premium Series)

---

## Introduction

This instructor-led workshop provides students with the knowledge and skills to architect and build Business Intelligence solutions using Microsoft Office PerformancePoint Server 2007. This session covers both Monitoring and Analytics and Planning. Through extensive hands on exercises participants will build on their base knowledge.

## Duration

This is a 4 day instructor-led course.

## Delegates will learn to:

- Describe PerformancePoint Server architecture
- Recognise where PerformancePoint Solutions fit into the Microsoft BI Solution stack
- Create end to end planning applications
- Create end to end M&A Applications
- Integrate PPS applications with other BI technologies

## Prerequisites

This course is intended for experienced technical and solution architects PLUS training partners who have experience with the following technologies: Microsoft Office Business Scorecard Manager 2005; or ProClarity Analytics Server; and Microsoft SQL Server Analysis Services 2000/2005.

Also important is some practical experience with Microsoft Office Performance Point Server CTP releases as well as solid knowledge of Financial Management processes such as Planning, Budgeting, and Financial Reporting.

## Course Outline

Day One – Product Vision; Planning, Budgeting & Forecasting Architecture; Preview of Next Generation Scorecarding

Days Two to Three – Rules and Calculations; Process Management; Forms & Reports

- Module 1: Product Vision
- Module 2: Architecture
- Module 3: Models & Dimensions
- Module 4: Models Advanced
- Module 5: Data Integration
- Module 6: Data Security
- Module 7: Rules and Calculations
- Module 8: Forms & Reports
- Module 9: Advanced Forms
- Module 10: Process Management

Days Three and Four: Monitoring and Analytics

- Module 1: M&A Demo
- Module 2: Architecture/Requirements
- Module 3: Data Source Creation
- Module 4: Scorecard/KPI Creation

We offer public courses at our training centres in London, the Thames Valley and Manchester or with our unique “Classroom in a Box” we can deliver training at your offices or venue of choice.

“we deliver understanding”

- Module 5: Scorecard/KPI Details
- Module 6: Report Views (Create, Navigate, Parameterize)
- Module 7: Dashboards
- Module 8: Security
